MESSAGE FROM THE DIRECTOR OF CAMPUS SAFETY

The Annual Security Report is published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. Its purpose is to inform and educate our entire campus community about safety, including practical steps we can all take to help protect ourselves and one another. I encourage everyone to read the report and consider how the information and suggestions can be applied in your daily campus life. The report is available at <http://campussafety.fullcoll.edu> under “Annual Security Report.”

Fullerton College has a proud tradition of fostering a safe and welcoming learning environment for students, staff, and visitors. Our campus is vibrant and diverse, with activities that reflect many interests—from science fairs and debate competitions to theater productions and athletic events. These opportunities enrich the experiences of our students and employees alike. Supporting these daily activities is the goal of the Campus Safety Department, with officers on duty 24 hours a day, seven days a week, ready to assist anyone on campus. If you ever need help, please call us at 714-992-7080, extension 0.

We are fortunate that crime on our campus remains low, thanks in part to the shared commitment of our students, staff, and visitors. Our strong partnership with the Fullerton Police Department also ensures prompt support whenever it is needed. We look forward to collaborating with you to ensure a safe learning environment for all.

Sincerely,

John Krok
Director of Campus Safety

Purpose of the Clery Annual Security Report for 2026

The Clery Act requires colleges and universities to do the following:

- Publish an annual report every year that contains three years of campus crime statistics and certain campus security policy statements.
- Publish crime statistics for the campus and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement and other university officials having significant responsibility for student and campus activity.
- Publish timely warning notices where crimes have occurred on or near campus that, in the judgment of the Campus Safety Department, constitute an ongoing or continuing threat to the members of the campus community.

The Campus Safety Department is responsible for preparing the annual report and works with the Fullerton Police Department to gather crime statistics that are part of this report. Crime statistics are also gathered from Campus Security Authorities (CSA). The campus community is encouraged to use this report as a guide for safe practices on the campus. The report is available on the Fullerton College Campus Safety website. Anyone desiring a printed copy of this report can contact the Campus Safety Department at 321 East Chapman Ave., Fullerton, California 92832 or by calling 714-992-7080, ext. 0.

Fullerton College Campus Safety Department

The mission of the Campus Safety Department is to provide a safe and secure environment for the District's students, employees and visitors, to provide for the protection of District property against theft and vandalism, and to increase awareness through appropriate crime prevention programs.

The Campus Safety Department will employ community-oriented security principles, problem solving techniques, and other appropriate methods that fit within and contribute to the educational philosophy and processes of the District. Campus Safety officers are responsible for

providing the safest possible environment within the scope of their authority, training, job duties and abilities.

Services provided by the Campus Safety Department:

- Respond to medical emergencies
- Provide access to campus buildings and facilities
- Manage lost and found property
- Provide escort service to staff, students and visitors
- Assist in starting vehicles through a jump-start service
- Provide unlock service for individuals who locked themselves out of their vehicle
- Provide direction and general service to staff, students and visitors
- Complete incident reports on crime incidents, unusual activities and violation of board policy
- General safety services
- Summon outside emergency services to mitigate dangerous situations on campus
- Conduct campus-wide drills on earthquake preparedness and active shooter

Law Enforcement Authority and Interagency Cooperation

Campus Safety officers are not sworn peace officers. Campus Safety officers enforce parking regulations, college regulations and board policy. Campus Safety Officers complete incident reports on crime incidents and violations of college regulations or board policy. NOCCCD Board Policy gives campus Safety Officers authority to arrest under California Penal Code 837.

Fullerton College has a Memorandum of Understanding (MOU) with the Fullerton Police Department to handle crime related reporting and investigations on the Fullerton College campus. Fullerton Police Department has jurisdictional authority over all crimes on campus.

Fullerton Police Department should be notified immediately of any armed combatants on campus. Fullerton Police Department can be reached at 714-738-6800 or by dialing 911. After Fullerton Police Department is notified, then notify the Campus Safety Department

at 714-992-7777.

Access to Campus Buildings and Facilities

Most campus buildings are open from 6:30 AM to 10:30 PM, Monday through Friday. On weekends, buildings are opened based on scheduled use or special events. Fullerton College staff and students may have been issued identification cards. Campus Safety personnel may ask you to produce your identification if there is a question about authorization to be in a building. There is no student housing at Fullerton College.

Staff members, who require access to buildings during off-hours, should contact Campus Safety for access and notification. Some campus rooms may be protected by intrusion alarms. Staff should notify the Campus Safety Department before entering those areas. The Campus Safety Department will unlock areas designated by the room reservation schedule. It is the responsibility of staff who use facilities to secure the building/room when they leave.

Fullerton College does not have any on or off campus student housing.

Safety of College Property

No District property may be removed from the campus without expressed written permission from the division dean or area supervisor. Unauthorized removal of District property, from the campus, is a violation of the law, and the involved individual may be prosecuted by the District.

Emergency Notification and Timely Warning Notice

Emergency Notification is made to the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of staff or students. Some examples may include earthquakes, terrorist incident, explosion, extreme weather conditions or hazardous material incident. The emergency notification is made by the Campus Public Information Officer (PIO), in consultation with the Campus Safety Director and the President, to the full campus community, immediately. The notification will be made without

delay unless notification compromises efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

Timely Warning is a warning of Clery reported crimes that are a continuous and ongoing threat to the campus community. The intent of the warning is to enable members of the campus community to protect themselves. The PIO, in consultation with the Director of Campus Safety and the President will initiate a Timely Warning to the campus community.

In the case of a serious or ongoing threat to any campus community of the North Orange County Community College District, as approved by a designated District/campus authority and in accordance with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act, a “timely warning” or “emergency notification” will be prepared and distributed to students, staff, and faculty, without delay. These alerts may be used to seek information that could lead to arrest and conviction of an offender when violent crimes against persons or substantial property crime have been reported.

The information may be disseminated in various forms, including one or more of the following: MyGateway, email, text messages, web and social media postings, warning flyers, phone alerts, and PA announcements. Every attempt will be made to distribute the timely warning or emergency notification within a reasonable amount of time after the incident is reported to the District/campus; however, the release is subject to the availability of accurate and confirmed facts concerning the incident and investigation restraints.

Anyone with information warranting a timely warning or emergency notification should report the circumstances to the Campus Safety Department. When a determination has been made that a timely warning/emergency notification should be issued, Campus Safety, the Campus PIO and other appropriate District/campus administrators (President, Vice Presidents) will work collaboratively to ascertain methods of informing the campus community of the incident and to craft an official message. A release will typically include the following information, if known:

- A succinct statement of the incident.
- Any connection to previous incidents.
- The nature and severity of the threat.

- Location of the incident and persons who might be affected.
- Physical description or composition drawing of a suspect, if appropriate.
- Date and time the alert was released.
- Other appropriate safety steps/tips.

The authority for the issuance of a timely warning or emergency notification rests with the following authorized administrators only.

- The Campus/District PIO.
- CEO (President/Chancellor/designee).
- Campus Safety Department.

Ideally, before a message goes out, several top-level administrators will have been consulted, including the campus President, Campus Safety Director, with the District/Campus PIO crafting the message and sending it out (other staff may also be consulted as the need arises). In cases where immediate action needs to be taken, any authorized administrator (Campus Safety Director, PIO, President or designee) may act independently if safety of personnel will be negatively impacted due to a delay.

NOTE: If a Timely Warning or Emergency Notification is released, the campus administrator responsible for the message must make sure to send a copy to the Chief District Communications Officer, who will be responsible for relating the appropriate information to the Chancellor and Board of Trustees, and all other PIO's.

Emergency Preparedness

The Campus Safety Department plays a central role in the preparation and management of campus emergency preparedness. The Campus Safety Department coordinates the training of all Building and Floor Evacuation Marshals. The Campus Safety Department coordinates mock evacuation drills of the entire campus during the fall semester, Great California Shake-Out. During this evacuation drill, all emergency communications capabilities are tested. The Building and Floor Marshalls, along with the emergency radio system, are tested. The Health Services Department sets up and conducts a triage of injured individuals played by theater students. The Campus Safety Department manages the Active Shooter Drill during the spring semester. During this drill, emergency communication systems are tested along with the Cisco phone system

throughout the campus. The One-Command lockdown system for all electronic doors is also tested. There is an after-action briefing to identify areas to be improved for the future. The Campus Safety Department manages the emergency radio system on campus with monthly rollcalls. Members of the Campus Safety Department participate in the college's Emergency Operations Center, which is guided by the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS) protocol.

Anti-Hazing

Fullerton College strictly prohibits hazing in all forms. Hazing is not only a violation of college policy but may also be a violation of California Penal Code 245.6 and may result in criminal prosecution, student discipline, and/or employment consequences.

Participation in hazing is prohibited regardless of whether an individual consents or appears willing to participate in the activity.

What is Hazing?

Hazing is any intentional, knowing, or reckless act committed by a person, whether individually or with others, against another person or persons that:

- Occurs in connection with initiation into, affiliation with, or maintenance of membership in a student organization; and
- Causes or creates a risk of physical or psychological injury beyond the reasonable risks associated with participation in higher education or athletic activities.

Prohibited Conduct

Hazing includes, but is not limited to, the following behaviors:

- Physical acts such as whipping, beating, striking, electronic shocking, or placing harmful substances on another person.
- Forced or coerced sleep deprivation, confinement, exposure to the elements, or extreme physical exertion.
- Forced or coerced consumption of food, alcohol, drugs, or other substances.
- Forced participation in sexual acts or other acts that are illegal, unsafe, or degrading.
- Conduct that places a person in reasonable fear of bodily harm through threats or intimidation.

Hazing Prevention and Awareness

Fullerton College supports hazing prevention and awareness through education, reporting resources, communication with student groups and athletic programs, and coordination among Campus Safety, Student Conduct, Athletics, and other campus partners.

Building Positive Team and Student Organization Experiences

Every Hornet deserves a positive, safe, and inclusive student experience, especially when participating in athletics, student organizations, clubs, teams, or other campus-affiliated groups. Activities should support the values of leadership, friendship, service, trust, respect, safety, and personal growth.

Activities intended to build team or group cohesion must not:

- Involve humiliation, coercion, or intimidation.
- Create a risk of injury or harm.
- Pressure individuals to participate against their will.

Any activity that meets the definition of hazing is prohibited, even if it is described as “tradition,” “initiation,” “team bonding,” or a group-building activity.

Reporting Hazing

All members of the campus community are encouraged to report hazing or suspected hazing. Employees, including coaches and staff, may have additional reporting obligations.

If you suspect hazing or have concerns about hazing activity, you may report the information to Campus Safety. Information on how to report hazing to Campus Safety is also available on the Campus Safety website.

Reports of hazing will be reviewed by Campus Safety and referred to the appropriate college office, law enforcement agency, Student Conduct, Human Resources, Title IX, or other District process as appropriate based on the individuals involved and the nature of the report.

Crime Reporting Procedures (Policy Statement)

Campus safety is everyone's responsibility at Fullerton College. Students, faculty, staff, and visitors are partners in creating an atmosphere that is safe and conducive to learning. Emergency

call boxes are located throughout campus and will connect the caller directly to Campus Safety. (Map of locations of emergency phones is located on page 37). Reporting of a crime can also be accomplished by contacting Campus Safety Officers (714-992-7080, ext. 0) or the Fullerton Police Department as soon as possible (accurate and prompt reporting of crime). The Fullerton Police Department is located at: 237 West Commonwealth Fullerton, CA 92832, 714-738-6800. Fullerton College has an MOU with the Fullerton Police Department to report and investigate all crimes on campus. If you are a victim of a crime and do not want to pursue action within the college system or criminal justice system, you may want to consider making a confidential report. With your permission, a Campus Safety Officer can file a report of the incident without revealing your identity, (except to the Title IX Coordinator for a sex offense or sexual harassment). The campus does not have any officially recognized student non-campus locations.

An informed and engaged community is the foundation of effective crime prevention. At Fullerton College, we are committed to keeping students, staff, and visitors aware of safety concerns and equipped with tools to protect themselves and others.

Campus Safety provides a wide range of prevention programs and services, including:

- **Educational Outreach** – Safety presentations each semester for international students and athletes, and annual participation in sexual assault awareness programming.
- **Community Engagement** – Information booths, safety brochures, and regular situational awareness and self-defense trainings open to the entire campus.
- **24/7 Safety Services** – Around-the-clock escorts, emergency phones connected directly to officer radios, and an extensive security camera system.
- **Health & Wellness Partnerships** – Collaboration with the Health Department to provide sexual assault prevention education, naloxone training, and other wellness initiatives.
- **Campus Leadership** – Active participation in the Health and Safety Committee, recommending and supporting improvements to campus safety.

Through these comprehensive efforts, Campus Safety works proactively to reduce risk, raise awareness, and foster a culture of shared responsibility for safety across the Fullerton College community.

Crime Log

Crime log entries include all crimes reported to the Campus Safety Department for the geographic area of the campus. The crime log is posted in the lobby of the Campus Safety Department, Building 1500, and on the Campus Safety Website.

Emergency Procedures

Addressing Disruptive Student Behavior

These emergency procedures are intended for use in acute situations. Acute situations are severe, intense, and sudden. On the other hand, chronic situations are continuous over a period of time and should be dealt with according to the NOCCCD Policy, AP 55003.1.1 for students.

Responding to Disruptive or Threatening Behavior

Dealing with individuals who are upset, angry or appear to be under the influence of drugs or alcohol can be a frustrating or even frightening experience. Such behavior may disrupt normal work activities and cause those responding to feel defensive or threatened. The following information will help you respond to such incidents:

- Call Campus Safety at 714-992-7777. For life-threatening situations call 911.
- Do not attempt to intervene physically or deal with the situation yourself. It is critical that Campus Safety take care of any disruptive or threatening incident.
- Do not aggravate, annoy or approach the individual. Try to stabilize the individual by speaking in a low and calm non-threatening voice.
- Maintain a safe distance; do not turn your back.
- Leave the room or leave the area if the situation escalates. Get yourself and others to safety as quickly as possible.
- Unless you are physically attacked, do not touch the individual.

General Emergency Procedures for Fire, Power Failure, Bomb Threat, or Earthquake

In the event of a major emergency on campus, the Incident Command Center (ICC) will be activated at the Campus Safety Office located in the 1500 building, phone (714) 992-7777 or Ext. 27777. The Officer-In-Charge of Campus Safety will assume command.

Notifications:

1. Call Campus Safety to identify an emergency.
2. For fire, pull fire alarm.
3. Campus Safety will initiate emergency notifications to administrative staff and outside agencies.
4. Alert Campus Safety to aid in evacuation of physically disabled persons.
5. Staff and/or Campus Safety will evaluate the situation and take appropriate steps to ensure a safe and timely evacuation.
 - Fire: Identify a safe exit route and exit building.
 - Bomb Threat: Notify Campus Safety and Maintenance and Operations.
 - Power Failure: Notify Campus Safety and await instructions.
 - Earthquake: Remain calm, drop, cover, hold, and prepare to evacuate building.
 - Staff shall instruct students to gather all belongings prior to evacuation, if time permits.
 - If Campus Safety is not available, staff will assess the emergency and, when appropriate, direct people to exits.
6. Campus Safety will work with administrative staff to determine whether classes will be dismissed.
7. Direct people to nearest safe exits and evacuation routes, when appropriate.

When Calling for Help

Fullerton Fire Department: 714-738-6122.

Fullerton Police Department: 714-738-6800.

Police and Fire Department Emergencies: 911.

Campus Safety Department Emergency: 714-992-7777.

1. Give your name.
2. Give the building number and room number or other specific location.
(This is crucial because the emergency dispatcher phone may not necessarily display the same information).
3. Give the phone number from which you are calling, including the extension number.
4. Describe the situation or victim's condition clearly and accurately.
5. **DO NOT HANG UP!** Let the person you are talking to end the conversation; other information may be needed.

Evacuation

Some emergencies may require evacuation of the building. In this event:

- Verbal notice or Fire Alarm will be used to initiate the evacuation.
- Remain calm and orderly: Walk quickly but do not run. See "Evacuation of Disabled Persons."
- Follow instructions of the Campus Safety or other emergency personnel.
- Seek out and give needed assistance to any disabled persons in the area.
- If time permits, turn off the power to all electrical equipment and close doors.
- Exit using the stairway. Do not use elevators.
- Go to an open, outside area away from the building as identified on evacuation color chart. Keep roadways and walkways clear for emergency vehicles.
- Wait for instructions. Do not reenter the building until instructed to do so by Campus Safety or other emergency personnel.

Non-ambulatory persons (persons in wheelchairs):

There are many considerations when moving a person in a wheelchair. Wheelchairs have movable parts; some are not designed to withstand the stress of lifting. You may have to remove

the chair batteries. Life-support equipment may be attached. Lifting a person with minimal ability to move may be dangerous to their wellbeing. Always consult with the person in the chair regarding:

- The number of people necessary for assistance.
- Ways of being removed from the wheelchair.
- Whether a seat cushion or pad should be brought along if he/she is removed from the chair.
- Whether to extend or bend extremities when lifting because of pain, catheter, leg bags, prosthesis, braces, etc.
- Ability to be carried forward or backward on a flight of stairs.
- The type of assistance necessary after evacuation.

Evacuation of Disabled Persons

Visually impaired persons: Tell the person about the nature of the emergency and offer to guide him/her to the nearest emergency exit. Have the person take your elbow and escort him/her.

Hearing-impaired persons: To warn an individual, get the person's attention with a gesture or a light tap on the arm or shoulder, and either write a note telling what the emergency is and the nearest evacuation route, or gesture to indicate that the person should come with you. An example of a note: "Fire—go out the back door, turn right and go down, now!"

To warn a group, get the group's attention by flashing the room lights on and off—then gesture to indicate that the group should come with you. If there is a chalkboard on which you can write a note that all can see, use it.

Persons using crutches, canes or walkers: Carrying options include using a two-person, locked-arm position or having the person sit in a sturdy chair, preferably one with arms.

Disabled persons not able to evacuate: Advise the disabled person that you will notify Campus Safety and that an officer will respond to assist him/her with their evacuation. Stryker Chairs are on the upper floors of all building to evacuate disabled individuals.

Power Outage

- Notify Campus Safety, 714- 992-7777 and Facilities, 714- 992-7024.
- If evacuation of the building is required, exit using the stairway. Do not attempt to use elevators. Seek out any disabled persons and provide assistance, if possible.
- Laboratory personnel should secure experiments or activities that may present a danger with the electrical power off or when it is restored unexpectedly. Notify the lab supervisor immediately and contact the site administrator if a specific hazard exists. If there are special procedures you wish to have carried out in the event of a future power outage, make prior arrangements with Physical Plant/Facilities or Campus Safety.
- When mechanical ventilation is interrupted, chemical vapors may reach hazardous concentrations. To avoid this, use natural ventilation and clean up or put away chemicals and close containers. If this is not possible, evacuate and prevent persons from entering until power is restored.

If people are trapped in an elevator:

- Tell the passengers to stay calm and that you will get help.
- Call Campus Safety, 714-992-7777.

Bomb Threat

If you receive a bomb threat over the telephone, remain calm and ask:

1. When is it going to explode?

Active Shooter / Active Assailant: An active shooter or active assailant is one or more individuals actively engaged in killing, attempting to kill, or causing serious bodily injury to people in a populated area. These situations are dynamic, unpredictable, and evolve rapidly. They require immediate action by individuals and a rapid response by law enforcement to stop the threat. The following information may help keep you safe during these situations. Individuals should take an active role in their personal safety.

- Know they are part of RAVE ALERT, the District's emergency notification system. It is important to keep your contact information current in MyGateway.
- Be familiar with available emergency communication tools in your area, including emergency phones, classroom phones, office phones, radios, or other notification systems.

Campus Safety and the PIO may send emergency broadcasts through the college telephone system, RAVE ALERT, emergency radios, public address systems, or other available communication tools. Follow all emergency instructions provided through official college communication systems. You may also receive instructions from a building or floor marshal, Campus Safety, law enforcement, the PIO, or College Administration to evacuate, lockdown, shelter-in-place, secure/lockout, or take other protective actions.

Planning and Preparation:

- Identify escape routes from your classroom, office, or work area.

- Identify rooms or areas where you can hide, lock the door, or barricade the entrance if evacuation is not possible.
- Identify areas where you could shelter in-place during severe weather, hazardous materials incidents, smoke, or other environmental hazards.

- Call 911 when it is safe to do so.

HIDE

Lockdown, Shelter-In-Place, and Evacuate Guidelines

Fullerton College may issue different protective action instructions depending on the nature of the emergency. Individuals should follow the specific instructions provided by Campus Safety, law enforcement, the PIO, College Administration, or official college emergency notification systems.

Lockdown

A lockdown is generally used when there is an immediate human threat on campus or inside a building, such as an active shooter, active assailant, violent intruder, or dangerous law enforcement activity nearby. The purpose of a lockdown is to deny access, create a barrier between you and the threat, remain quiet, and avoid detection.

During a lockdown:

- Enter the nearest room or secure area.
- Lock the door if possible.

- If the door will not lock, barricade it with heavy objects.
- Turn off the lights.
- Silence cell phones and electronic devices.
- Move away from doors, windows, and interior glass.
- Stay quiet and out of sight.
- Call 911 if it is safe to do so.
- Do not open the door until directed by law enforcement or until an official all-clear is provided.

Shelter-In-Place

Shelter-in-place is generally used when it is safer to remain indoors than to evacuate due to an environmental or external hazard. This may include severe weather, smoke, hazardous materials release, accidental chemical spill, radiological incident, or other conditions where going outside may increase danger. The purpose of shelter-in-place is to remain protected inside a building until the hazard has passed, or further instructions are provided.

During shelter-in-place:

- Move indoors immediately.
- Close doors and windows.
- Stay away from exterior windows and doors.
- Remain inside until an all-clear or further instructions are provided.
- Monitor official college emergency communications.
- Do not evacuate unless directed to do so or unless remaining in place becomes unsafe.

Evacuate

Leave the area of building and move to a designated evacuation area when directed.

(See evacuation area map on page 38)

Remain Vigilant. Scan for potential hazards in the evacuation area and change location if necessary.

Substance Abuse, Drugs, and Alcoholic Beverages

In accordance with Public Law 101-226 “Drug-Free Schools and Communities Act Amendment of 1989,” the Board of Trustees of the North Orange County Community College District prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on Fullerton College property and as part of any Fullerton College sponsored or sanctioned activity. Any student or employee in violation of this policy is subject to disciplinary action up to and including expulsion from Fullerton College, or termination from employment from violations of the standards of conduct. The decision to take disciplinary action in any instance rests with the Board of Trustees after consideration of the recommendations of the Fullerton College President. Counselling services are available to both employee and students concerning drug and alcohol abuse. The possession, use, and sale of alcoholic beverages by anyone on Fullerton College, controlled property, is a misdemeanor as per California Business Code 25608 and a violation of state law and any person found in violation of the NOCCCD Policies Relating to Students. Fullerton College enforces California underage drinking and possession laws, both State and Federal. The use, sale, or possession of any illegal drug is in violation of the state law and any person found in violation may be subject to arrest by federal, state, local, or Campus Safety personnel. Criminal prosecution is separate from any administrative discipline that may be imposed by the district. Violence Against Women Act, (VAWA)

Fullerton College is committed to creating and maintaining a community where all individuals who participate in college programs and activities can work together in an atmosphere free of violence, harassment, discrimination, exploitation, or intimidation. Every member of the

community should be aware that the college prohibits sexual assault, domestic violence, dating violence, stalking, and retaliation, and that such behavior violates both law and District policy. The District will respond promptly and effectively to reports of sexual assault, dating violence, domestic violence and stalking, and will take appropriate action to prevent, to correct and when necessary, to discipline behavior that violates these policies. Suspected violators may also be subjected to arrest and prosecution through the criminal justice system. The rights of the complainant and respondent will be protected. Immediate steps may be taken to protect the complainant pending the outcome of an investigation.

The confidentiality of the victim is protected due to the exclusion of personally identifiable information. No public records or announcements (Timely Warning) will identify the victim. Confidentiality will be extended to any accommodation or protective measures to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodation or protective measures.

The college is required to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act 1998 (Clery Act) and the Violence Against Women Act 2013 (VAWA). The Clery Act adds requirements of the college to campus victims of sexual assault, dating violence, domestic violence and stalking.

Any person who is the target of sexual assault, dating violence, domestic violence and stalking should immediately consult the Title IX Officer for advice, options, information and filing a formal complaint. All reports and complaints of sexual assault, dating violence, domestic violence and stalking, made to any college official or Campus Security Authority must be reported to the Title IX Officer by the person receiving the report, immediately. The Title IX Officer for the District is the Director of Human Resources, 714-808-4818. The campus Title IX Officer is the Dean of Student Services at 714-992-7088.

Victims of sexual assault, dating violence, stalking and domestic violence are encouraged to immediately contact Campus Safety Department 714-992-7777 and Fullerton Police Department 714-738-6700. For victims of crimes, it is critical that the crime is reported immediately to the

Fullerton Police Department for care, counseling and evidentiary purposes. The Fullerton Police Department can assist with filing a restraining order.

Definitions:

Domestic Violence is defined as a felony or misdemeanor crime of violence committed—

- By a current or former spouse intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;
- By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

- Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.
- **Course of conduct** means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

Sexual Assaults (Sex Offenses). Any sexual act directed against another person without consent of the victim, including instances where the victim is incapable of giving consent.

Board Policy, BP 3540 covers sexual assault and other sexual misconduct

Consent (California Education Code Section 67386). Defines consent as “Affirmative consent” means an affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.
